GREATER COMFORT AND THE UNIQUE FEEL OF HOME

During the development of the product we considered the importance of maintaining the unique and individual feel of home of **novalife**[®] – just like in the case of other high quality upholstery fabrics. Softness, natural look and feel and the pleasant warm touch – the main characteristics of the fabric –

can make **novalife**[®] a welcomed guest in your home. You will surely find the most appropriate colour shade among the several different shades. This upholstery fabric of high quality technology is extremely long-lasting. Its soft touch makes it very similar to genuine leather.

CARE INSTRUCTIONS

■ Always wipe up any liquid getting onto the fabric surface with a clean and absorbent cloth immediately!

■ Please, Hoover the product at least once a week regularly with (the help of) the furniture nozzle of your vacuum cleaner. Failing to Hoover your furniture regularly, specks of dust can settle into the upholstery fabric fibres, resulting in stains when you try to clean the fabric with water later. Regular hoovering of lighter, especially white fabrics is mostly required.

■ Immediately clean the stains with water and a

clean and absorbent cloth only. You must not brush out the wet fabric! Please make sure that the fabric has dried after you removed the stains (If the fabric should be damaged while wet, it could not stand as a reason for complaint).

■ Regular care and cleaning of fabric may not be substituted for periodical stain removing with wet cloths. The warranty for stain removing is valid only if the recommended water and clean cloths are used to remove the stains.

IF THERE ARE STAINS ON YOUR FABRIC

Always use water for stain removing.

Moisten a clean cloth and wipe up the stain immediately. You can remove the stain from the fabric fibres with gentle rubbing.

In case of smaller or easily removable stains, spray water on them and remove the stains as mentioned above.

Do not use any stain removers! It is forbidden!

If you use stain removers, the warranty will become invalid.

There is no need for impregnation or using any other chemicals since

novalife[®] upholstery fabric is hard-wearing to a greater extent.

According to the warranty of this product, we consider stains originating from normal usage like greasy or protein stains, ink, chocolate, ketchup, milk, red wine or juicy stains.

You can remove stain as fast as they appeared.

In case of greasy stains that are not removed immediately, please, use soapy water to loosen the stains. Please consider that fabric damage may occur if you try to remove dried-in stains. The warranty does not go for such cases.

The warranty is not valid in case discolouration is

caused by other not colour-fast textiles (esp. jeans) put on your furniture.

Please make sure that the fabric has dried after you removed the stains (If the fabric should be damaged while wet, it could not stand as a reason for complaint).

5-YEAR **novalife**[®] WARRANTY FOR STAIN REMOVING

We can only accept any complaints in connection with the upholstery fabric if you used the product in the recommended way and you kept the care and cleaning instructions precisely.

During the production of **novalife**[®] upholstery fabric we check its perfect characteristics and quality according to normal standards.

However, in case of complaint concerning the fabric, please follow the instructions of the Warranty Card you got when you bought your furniture. In this case you can be sure that the manufacturer of your furniture will settle your complaint as soon as possible.

In case of fabric cover replacement we can provide

the new cover from the actual cover range only. If the former fabric colour is no more available, the customer can choose another colour.

We cannot guarantee the same colour or the shade of colour of the old and the new fabric because colour and shade variations may occur.

With choosing **novalife**[®] you have made a perfect decision. Should you have any questions or problems, please do not hesitate to contact us either on the given phone number or e-mail address.

YOU ARE GOING TO ENJOY **novalife**[®] FOR LONG

THE 5-YEAR WARRANTY IS NOT VALID IN THE FOLLOWING CASES

Damages resulting from intentional or not recommended use.

Stains or dirt resulting from the lack of care or cleaning or doing it improperly.

If the regular dusting (vacuum cleaning) fails and leads to stains.

Discolouration caused by other not colour-fast textiles put on your furniture.

Damages resulting from high temperature, naked flame, corrosives, house pets or improper usage.

The differences in the "pattern" of the fabric are fabric characteristics, they are not a flaw and do not serve as reason for complaint.

Chemicals like impregnating agents, stain removers, nail polishes or its removers or the usage of them mean the entire lapse of warranty.

The warranty is not valid in the case of wearing out resulting from everyday use like fraying and damage caused by touch of human skin or certain pieces of clothes.

If the fabric is torn or slit due to external interference

If the fabric is brushed when wet or the stains are not removed in the recommended way.
